Dewy Visitation Report

Ashley Workshop

100 people in attendance

~ 2 Hours

Collected \$77

? Has everyone been paid (Russel) yes

So we're at a 0 balance? (Russel) yes

Sarah Grapevine

had a table at NEYPAA - Cornhol

Rob booker

nothing

Marathon

upcoming July 4

aDCM

nomination for Ashley (seconded), voted in unanimously

-> Open workshop position

Emily 'suggested' by Russel

word is there's some chaos

- structural/grammatical bylaw changes

Russel, DCM report

- Mini-Assembly -
- there is a letter: the word "Eskimo" was removed from the Big Book. issue is that it was done without input from the fellowship; no one can motion before the printing (time-sensitive) - comparison to another slur of another group of individuals (potential emotional pressure for passing) - not done with process - "slippery slope": preamble, 12 and 12 and Big book have been changed
Todd: personal feelings that they are strong feelings; home group feels the same way
Rob: How do we change this?
Russel: Motioning; had 2/3 of the people *in the room*
Mary: You don't know who you're voting for when you're voting in the general
Russel: no way to get information of whose who; they call us the others
Ashley 1. how was this done? (r) proposed at the delegates meeting (in New York) 2. if I bring this back to my group, what do we say? (R)
John: suggested inventory for fellowship as a whole
Russel: changing literature to make wording more inclusive; watched key tag skyrocket
Michelle: make sure changes like this aren't made on the fly?
Emily: Motion 1. agree- issue is

gone against the concepts, traditions, basic principles. that is how aa will die
passes unanimously

"the proposal should clearly state issue, requested action, and the reason behind it" (from the letter); remember it being 2/3 of the fellowship to change the literature

"there exists strong sentiment against any changes being made to it"

Ashley: Should we discuss again after bringing it to their groups?

Arnett: Grapevine is not an entity of AA; can do what they want.

(R) AA owns grapevine.

- Survey about who is a meeting, who is a group? Please register as a group not just a meeting
- they control the Blue Chair App
- just protects you from being removed from any meeting list

- 'they are surveying us'?

Group Concerns

Old Business

Russel: are you still ok with being Workshop chair?

Emily -> yes

R -> is everyone okay with this? (yes) Anyone opposed? (no)

John: can we focus on Traditions and concepts?

Emily -> sure

the purpose is to serve the rgroupe by being a linnk between traditions, concepts, leadership and groups

Russel: suggestion for speakers to explain structure and intergroup, etc

? Jody: how do you get word out? - if you know a meeting that might not be registered, explain to them

Sam- do you have a visitation chair?

someone should be going to members who is not a home group member of (we should have bylaws)

Rob is Visitation chair after lack of attendance from previous chair

New Business

motion on table to discuss with groups for next time

Open Floor
